

BATTERY CLEANING KIT

CK-10-B

FUNCTION:

Kit containing appropriate *personal safety wear* and *tools* to safely and effectively neutralize and clean batteries. Includes two quarts of **Neutra-Clean**™ battery neutralizer and cleaner with acid detecting color change indicator. Self contained kit packaged in non-corrosive tool box.

BATTERY CLEANING KIT includes:

- Personal Safety Wear
 - Apron, Goggles, Gloves
 - Sterile Eye Wash (1 pint)
- Tools
 - Non-Conductive & Acid Resistant Brushes (2)
 - Acid Resistant Wipes (10)
- Neutralizing Cleaner
 - Neutra-Clean* (2 quarts)

ADVANTAGES:

- Minimizes the risk of shocks and acid burns from acid covered batteries.
- Eliminates shorts and discharge.
- Eliminates corrosion damage to batteries and related equipment.
- Excellent diagnostic tool for pinpointing leaks.
- Labeled with full **Use** directions and **GHS-SDS Hazard Identification Statement**
