

# STATIONARY BATTERY CLEANING KIT

## CK-28-B

### FUNCTION:

**Kit** containing appropriate **personal safety wear** and **tools** to safely and effectively neutralize and clean batteries. Includes two quarts of **Sta-Safe™** stationary battery neutralizer with acid detecting color change indicator. Self contained kit packaged in non-corrosive tool box.

### **BATTERY CLEANING KIT** includes:

- Personal Safety Wear  
Apron, Goggles, Gloves  
Sterile Eye Wash (1 pint)
- Tools  
Non-Conductive & Acid Resistant Brushes (2)  
Acid Resistant Wipes (10)
- Neutralizer  
*Sta-Safe* (2 quarts) (Available in NO-DYE)

### ADVANTAGES:

- Minimizes the risk of shocks and acid burns from acid covered batteries.
- Eliminates shorts and discharge.
- Eliminates corrosion damage to batteries and related equipment.
- Excellent diagnostic tool for pinpointing leaks.
- Labeled with full **Use** directions and **GHS-SDS Hazard Identification Statement**
